Estate Planning*

2010 ANNUAL FUND

Preserving roots ♦ Nurturing leaves

The LACS Needs YOU to Help Make Its 2010 Annual Fund A Success!

The LACS receives no funding from
government agencies but rather,
depends on funding from donations,
memberships, the Green Heart Gala
Dinner Auction, Research Center,
Gift Shop and other special events
to accomplish its important mission.
In addition, the 2010 Annual Fund
will chart the course for continued
growth and success for the LACS.

What your gift to the 2010 LACS Annual Fund will help accomplish:

- **Programs** – Your gift will help **continue** programs such as Luxembourg Heritage Weekend, annual cultural conference, commerce/economics conference, concerts and guest musicians, Lëtzebuergesch language classes, wine tasting events, film fests, genealogy workshops, traveling exhibitions, educational exchange, heritage and tourism presentations
- **Staff** – Your gift will help **maintain** our dedicated, professional staff who work closely with members, visitors, and volunteers to accomplish the mission of the society
- **Research Center** – Your gift will help **perpetuate** the LACS Research Center which provides the largest collection of Luxembourgiana in the United States. This precious collection is utilized by members and visitors from throughout the world yet its proper care is an ongoing expense incurred by the society.
- **Networking** – Your gift will help **promote** the unique networking opportunities that the LACS offers both Americans and Luxembourgers in regard to genealogy, family history, heritage, culture, tourism and commerce. This networking keeps the bonds between America and Luxembourg strong and alive for future generations.
- **Utilities** – Your gift will help **fund** the ever-rising cost of utilities for the operation of the Cultural Center. Utilities such as heat/ac, electricity, telephone and internet are vital to the success of the society.
- **Collaboration** – Your gift will help **strengthen** collaboration efforts with Luxembourg's Ministry of Culture, the American Chamber of Commerce in Luxembourg, the Luxembourg American Chamber of Commerce, Luxembourg's National Tourist Office, National Archives and Library, local Luxembourg societies, local historical societies, local chambers of commerce, local tourism councils
